Diagram 6b illustrates the step of attaching the front panel to the crib. The front panel, which has a blue arrow pointing right, is being moved into position. It is aligned with the crib's frame, which includes a base with slats and vertical side rails. A callout 'A' points to the front panel's attachment points. A detailed inset shows a screw labeled 'A' and the quantity '4X', indicating that four screws are used to secure the front panel to the crib frame.
